## I N T E R G A L A C T I C

Dear Human,

You are warmly invited to take part in the first Intergalactic Open Impro Ball. IOIB is a gathering, open to anyone interested in **sound** as a tool to **discover the world** and to connect with others. There are no limitations of aesthetics, instruments, gender, age, religion, diets, nor anything.

IOIB will consist of many different sets of **improvised music**, open to anyone who wants to play along.

Please **bring your instrument**, if you have a personal one. The ball will take place in Klaus Linder-Saal at **Musik-Akademie Basel**. There will be a piano, a percussion set and a PA available.

**Audience** is also extremely welcome. You can just come and **listen**, in fact it's all about listening, since listening is one of the most important aspects of improvisation.

Most of all, you are deeply invited to bring:

your will to **collaborate**

your curiosity towards the **unknown**

your spirit of constructive criticism

your will to **share**

your musical knowledge and unknowledge

your will to have fun

your will to **discover**

There are **5 main sets** of 45 min. These main sets consist of **smaller sets**.

1st set: 18:00-18:45

2nd set: 19:00-19:45

3rd set: 20:00-20:45

4th set: 21:00-21:45

5th set: 22:00-22:45

If you have any questions, do not hesitate to contact us through:

There is no registration needed. At the **beginning** of each hour you can sign up with your name to take part to the sets.

The groups in which you play are determined by drawing names.

The IOIB staff will moderate the evening and help you with setting up.

We look forward to seeing you!
